

Equal Rights Amendment

Wrong Then, Wrong Now

Don't Be Fooled.

ERA would

- ... give absolutely no benefit to women
- ... increase power of federal courts & activist judges
- ... require taxpayer-funded abortions
- ... legalize same-sex marriage
- ... take away Social Security rights of wives & widows
- ... assign women equally to all combat positions
- ... transfer state law to the federal government
- ... invade state sovereignty

ERA is fraud.
