Dear Senators:

On behalf of Eagle Forum and the thousands of families we represent throughout the country, we request that you move quickly to confirm Senator Jeff Sessions as U.S. Attorney General. We also respectfully request that you speak out against the harmful, divisive and false attacks against Senator Sessions' character.

Our beloved founder, Phyllis Schlafly, presented Senator Sessions with an Eagle Award because of his stellar record of defending life, the family, American sovereignty and fighting to secure America's borders and protect American jobs.

We are honored to have worked closely with Senator Sessions and his exemplary staff on many issues, most recently, the fight to secure America's borders and prevent illegal immigration. We have experienced, as all of you undoubtedly have, that he treats those around him with great respect and kindness.

In the course of his courageous leadership on the immigration issue, Senator Sessions was one of the greatest advocates for black communities, pointing out with great passion and compassion the devastating impact illegal immigration has on African Americans.

Sessions has an unassailable record of upholding the rule of law without compromise in his positions as a federal prosecutor and as Alabama Attorney General. As a Senator, he has continued his commitment to stand on principle, even in the face of adversity, and even when that adversity came from within his own party. We know we can count on him to uphold the Constitution and to uphold the rule of law without regard for the shifting political winds.

Senator Sessions is a fine man, well-respected, eminently qualified and trustworthy. Again, we urge you to defend him against the unjust attacks on his character and to confirm him swiftly. Eagle Forum is urging a YES vote on his confirmation and will score such vote.

Blessings,

Eunie Smith, Acting President, Eagle Forum and President, Alabama Eagle Forum
