

Eagle Council XLVIII

Saturday, 9/21/19

10:15 am

Speaker: Paugh, Ileana Johnson, PhD — Dr. Paugh is an American college professor who was born in Romania during the communist era of Nicolae Ceausescu. A survivor of communist utopia and its indoctrination, she immigrated legally to the United States in 1978 and became a proud naturalized American citizen by choice in 1982.

She earned four college degrees in the United States and Romania and taught college Economics for 30 years. Dr. Paugh speaks fluent German, Italian, English, and Romanian and understands Spanish, French, and Latin. She is a prolific writer, senior columnist for Canada Free Press, author, frequent speaker on the topics of communism, U.N. Agenda 21, economics, and education. Her books include *Echoes of Communism*, *Liberty on Life Support*, *U.N. Agenda 21: Environmental Piracy*, *Communism 2.0 – 25 Years Later*, and *Being Bogart*. She has published over 1200 commentaries reflecting American Exceptionalism, the economy, immigration, and education.

Title: *Communism Is Making a Comeback as Globalism*

Action points:

Suggestions for citizen and parental actions regarding the education of American children:

- Become involved in local boards of education and the issues they are pushing
- Find out what the board of education candidates support in the local schools
- Fight against Common Core, a curriculum developed specifically to indoctrinate students into collectivism and Islam
- Find out exactly what topics are being studied, what type of literature, and what type of history is presented in class
- Become knowledgeable of the global citizen push and the baccalaureate schools out of Switzerland that form the global citizen – short on Americanism and long on globalism
- Whenever possible, home-school children instead of opting for public schools
- Be aware of the indoctrination into U.N. Agenda 2030 presented as environmentalism and as fighting global warming/climate change
- Watch carefully the agenda that individual teachers bring to your children's classrooms

- Monitor their homework and visit your child's class if permitted
- Beware of the monster that is The Department of Education, Jimmy Carter's 1979 creation that is now an indoctrination behemoth that swallows \$63.2 billion a year
- Monitor textbooks and become a textbook reviewer
- Stop supporting colleges by sending your children to be indoctrinated
- Send letters to your alma mater, alumni foundation, and explain why you are no longer contributing
