Title: *When Crime is Up, Arm Up, In the Defense of Self and Others*

Outline:

- Democrats soft on crime policies have caused a reversal of a decades long trend in safer streets and neighborhoods across the nation.
- In response to this Soros backed prosecutors have refused to prosecute nuisance crimes and implemented no cash bail policies that embolden criminals giving rise to a new trend – repeat offenders leveling up in violent acts.
- How media bias depresses gun ownership
- How FBI Crime Statistics undercount the annual number of defensive gun uses in America
- A Litany of Errors: numerous mainstream articles undercount instances of concealed carry holders stopping mass shootings
- Over 48 million Americans migrated to safer areas during the pandemic and the GOP saw a surge of over 1 million new party registrations, so why are we shying away from protecting our gun rights?
- How a recent spate of kidnappings demonstrates a need to promote the 2nd Amendment to women specifically.

Action Items:
