

Critical Race Theory is a Marxist ideology that's mission is to tear down and destroy the American ideal that "all men are created equal" and "are endowed by their Creator with certain inalienable rights." CRT teaches that our entire system must undergo structural changes to rid itself of its 'inherent' racism. It must be identified and rejected as the actual racist idea that it is.

— Kris Ullman, Eagle Forum President

Critical Race Theory is a disgraceful affront to the courageous men and women of all stripes who bled and died to preserve our values. All Americans must rise up against this destructive force moving across our country.

— Eunie Smith, President Emeritus of Eagle Forum

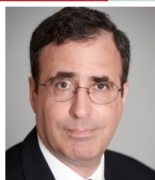

What **Critical Race Theory** actually "accomplishes" is to create anger, frustration and despondency among persons in the victim categories who internalize this destructive message.

— Dr. Carol Swain

Teaching kids to hate their country and hate each other isn't worth a dime of taxpayer money.

— Governor Ron Desantis, Florida

'Action Civics' is the greatest education battle of our lifetimes. This is no exaggeration as more details are coming out about proposed federal legislation that seeks to bring 'Action Civics' to a school near you. If these bills pass, the next generations of students will be lost to 'woke' politics and leftist activism. In fact, our children and grandchildren will receive course credit for taking to the streets.

— Stanley Kurtz, Ethics and Public Policy Center

STOP THE WAR ON PARENTS!

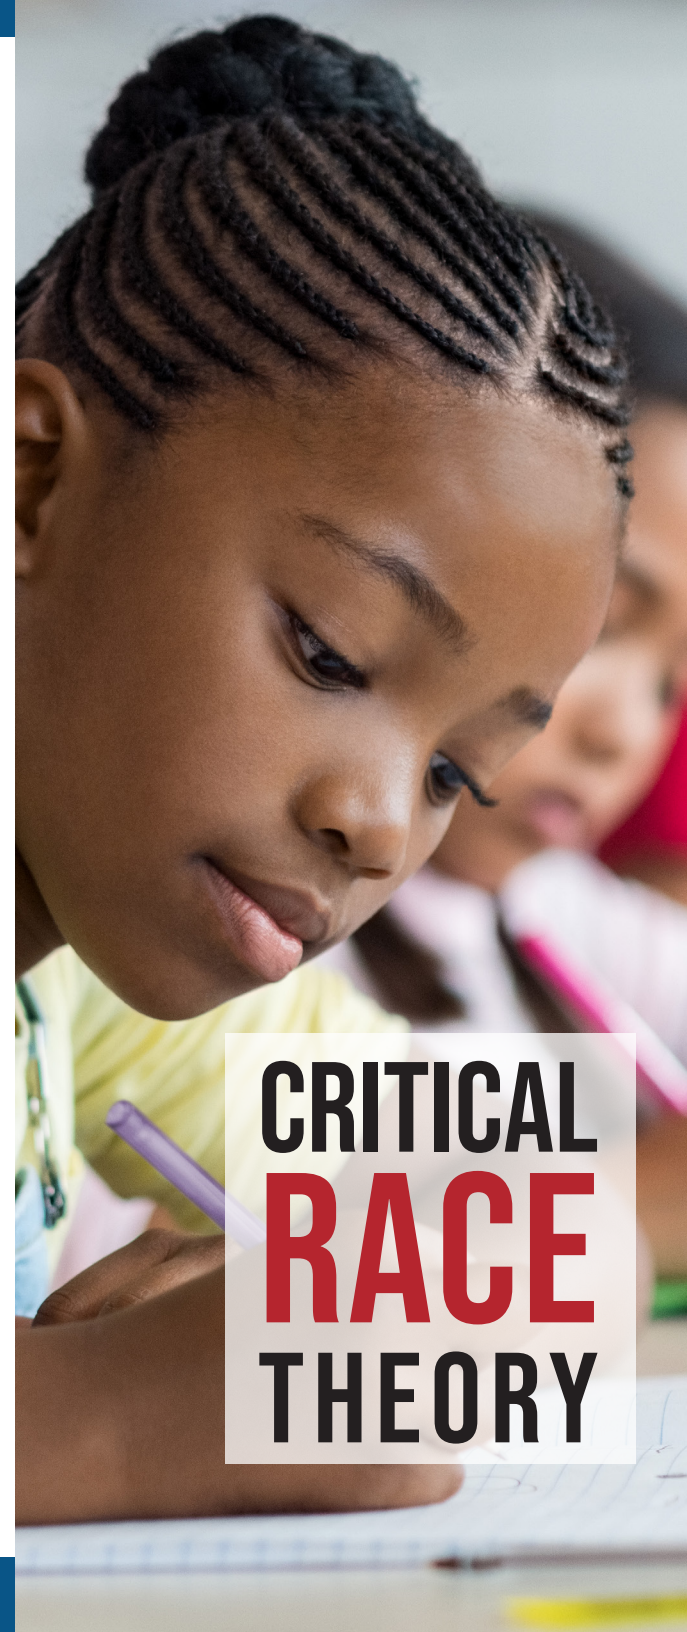

Parents and taxpayers SHOULD be the decision-makers in public school education. Attorney General Merrick Garland has classified concerned parents as "domestic terrorists" and ordered the FBI to investigate those who oppose CRT.

Eagle Forum defends and supports parents who want real education. **Join us!**

CRITICAL RACE THEORY

What Is Critical Race Theory?

- ▶ **CRT** evolved from Marxist ideology that separates people into two groups. In this case, oppressors (whites) and oppressed (people of color).
- ▶ **CRT** is a billion dollar industry that has invaded corporate board rooms, human resources departments, government agencies and school curricula.
- ▶ **CRT** goes hand in hand with “Action Civics”. Action Civics is radical civics instruction that offers academic credit to students to lobby and protest for leftist ideologies.
- ▶ **CRT**, like Common Core uses deceptive terminology. Examples include “cultural competency,” “racial literacy,” “equity practices,” “diversity and anti-bias training,” “culturally responsive teaching,” “inclusion and social justice.”
- ▶ **CRT** teaches white children that they are inherently racist by virtue of their skin color.
- ▶ **CRT** teaches black children they are not as capable as children of other races.

What's Wrong With Critical Race Theory?

- ▶ **CRT** violates the 14th Amendment of the Constitution and the Civil Rights Act.
- ▶ **CRT** indoctrinates adults and vulnerable school children to view all social interactions through the lens of race.
- ▶ **CRT** rejects Martin Luther King’s dream of judging Americans by the content of their character instead of the color of their skin.
- ▶ **CRT** insults minorities by portraying them as eternally helpless victims.
- ▶ **CRT** “coaching and leadership development programs” waste taxpayer dollars.
- ▶ **CRT** generates hopelessness, self-fulfilling expectations, even promotes violence by teaching that racism is built into the American system. Thus, the only way to eliminate racism is to dismantle the entire “system.”
- ▶ **CRT** substitutes the teaching of “love thy neighbor” for “values” dictated by cultural elites through an ever-changing code of political correctness, which leads to self-censorship, as in the Chinese Cultural Revolution, and virtue signaling.

What Can You Do About It?

- ▶ Attend your local school board meetings.
- ▶ Make an appointment and meet with each of your school board members to influence and educate them on your opposition to CRT. Even if you do not have children in the public schools, your taxpayer money is being spent on public education.
- ▶ Learn about the candidates who are running for your school board and support candidates who are against the teaching of CRT. Vote and get your friends to vote in every school board election!
- ▶ Call or meet with your state and national senators and representatives or their staff. Urge them to support legislation to stop CRT and Action Civics. For further information, visit **EagleForum.org/CRT**.
- ▶ Educate the public through op-eds in local and state newspapers.
- ▶ Utilize social media to educate and encourage activism against Critical Race Theory and Action Civics.
