

From the Christianity Confronting the Culture Initiative

THE TAPROOT OF TRUTH

STUDY SERIES I

"THE TRANSGENDERISM MOVEMENT, LAW, AND TRUTH"

PURPOSE OF THIS STUDY

To define and defend more effectively the Judeo-Christian worldview of the U. S. Constitution and legal system in today's Culture War:

- By developing leaders and activating Americans to raise higher the Judeo-Christian standard
- As a result of involvement in a unique research and education adventure
- Which demonstrates Judeo-Christian worldview superiority over the Humanistic worldview
- With particular emphasis on the often less-visible role of law and judges in the Culture War
- On the white-hot battle fronts of religious liberties, evolutionism, abortion and life, and the new sexualism
- Utilizing Blackstone's unique worldview model - coined and explained here as "The Taproot of Truth" and expounded upon in detail on our website.

PRINCIPLES AND TRUTHS CENTRAL TO THIS STUDY

- The Transgender Movement ("TM") is an inherently religious ideology.
- TM's frenetic presentation of "sexual/gender orientation" as immutable, scientific, and historical is false in all respects.
- TM purports to be "factual" throughout but is actually a set of self-contradictory, disprovable value assertions.
- TM's proclaimed purpose of "protecting the marginalized and victimized minority of gender dysphoric Americans" is, in reality, an intentional and crafted campaign to "deconstruct" and "destroy" every vestige of Judeo-Christian life in America.
- TM's war against America targets both substantive and structural principles of our Constitution and law in general, clearing the way for a hegemonic Humanistic government to take over America.
- TM depends heavily on its fundamentally flawed view of man's sexual nature as fluid, non-binary, and totally determined by each individual for himself.

HOW TO PARTICIPATE

Our current educational format includes four components and is available at www.BlackstoneInstitute.org:

- Taproot of Truth Articles: Topical series of six to eight printed issues per topic, approximately three to five pages in length, and published periodically.
- Taproot of Truth Podcasts: Similar in content to the "Articles," but available digitally.
- Taproot of Truth Courses: Short courses (typically 6 to 8 weeks long) on an almost limitless variety of subjects relevant to CCC's purpose and partnership.
- "Teaching Truth in Person": This is a unique and popular opportunity for clients of CCC services to arrange for live, real-time Zoom visits with their professor. The current, available class information is listed to the right.
