Speaker: Hamilton, Merissa – Merissa Hamilton has worked with elected officials at all levels of government on essential reforms to stop bad government in its tracks, protecting individual liberty and personal responsibility.

In 2020, she ran for Phoenix mayor, resulting in the highest number of votes for a non-incumbent in City history, stopping the defunding of the police, killing BLM plaza, and halting the vaccine mandates against City of Phoenix employees.

Merissa previously served as the Chair of the Policing Sub-Committee on the Arizona Legislature's Ad Committee on Criminal Justice, Director of Constituent Services for Councilman Sal DiCiccio at the City of Phoenix, and grassroots director of FreedomWorks. She co-founded Strong Communities Action with an initiative called EZAZ.org, making civic action easy as pie, helping citizens save their state with just 15 minutes a week.

She also serves as Executive Director for Save Arizona.
