Speaker: Dr. Mark Christian – Mark Christian is a physician and a best-selling author of the compelling biography "The Apostate," which provides definitive insights into Islamic doctrine.

He hosts the popular podcast *The Christian Report*.

As founder and president of the Truth and Freedom Foundation (TFF), he organizes nationwide events, provides essential public resources, and highlights the incredible power of freedom-celebrating what makes America the greatest nation on earth.

Dr. Christian also established Global Faith Institute 16 years ago and travels across the country to expose the alarming threat of "civilizational jihad," directly linking it to the Muslim Brotherhood's covert efforts to undermine American values through front groups.

A retired OB-GYN and passionate pro-life advocate, he has served as an advisor to Mike Huckabee and was part of the advisory team for Donald Trump's first campaign in 2016.

His work combines deep expertise with unwavering dedication to Christian and American principles.

Title: *The Rise of Islam in America*

Outline: Lessons learned from the last 25 years.

Since 9/11, American patriots and the Christian church have grappled with the Islamic issue for the past 25 years. They have come to realize that Islam and Muslims are not only increasing in numbers but also gaining influence that surpasses their demographic representation in the United States.

What went wrong:

- Focus on terrorism
- Feeding the victim mentality
- Missing the goals of Islam
- Manifestations of the rise of Islam in the USA
- Political rise
- Education infiltration
- Christianity & the interfaith movement
- Financial success & influence
- Medical field dominance

- Population growth & demographics
- Saudi, Qatari & Emirate investment access

Action - What can we do?

- Critique Islam based on facts
- Provide immigration solutions
- Education in churches – awakening
- Jesus vs. Muhammad
- Build American spirit – take back our schools
- Promote Assimilation
