

Eagle Council 54

Saturday, 9/26/26

7 pm

Speaker: Dr. Marianne Johnson, OD was introduced to Eagle Forum by her father and mother, long-time Alabama Eagle Forum supporters and members.

She attended her first Eagle Council in 2024 in St. Louis with her father, which served to deepen her understanding of policy, conservative principles, and the need to be engaged at the grassroots level.

Dr. Johnson is from Huntsville, Alabama. She graduated summa cum laude with a Bachelor of Science degree in Biomedical Sciences from Auburn University. She continued her graduate studies at the University of Alabama at Birmingham School of Optometry. After receiving her Doctorate in Optometry, Dr. Johnson relocated to Lexington, KY, for a residency program with a concentration in Ocular Disease and Low Vision Rehabilitation.

She practices with [Nashville Eye Group](#). Dr. Johnson can identify and treat a range of conditions and disorders that affect the eyes and their related structures. She has a particular interest in the management of dry eyes, glaucoma, and general medical optometric care. Alongside our team, she personalizes treatment by considering therapeutic options including medications, laser procedures, or surgical interventions. Her passion to provide excellent service for our patients drives her to continually learn about advancements in optometric science.

Outside of work, Dr. Johnson enjoys quality time with family and friends. She loves being outdoors, staying active, reading books, and practicing hospitality. She strives to use her talents and resources to serve others. She volunteers with medical and nonprofit organizations both locally and outside the country. She now lives and practices in Nashville.
